PROFESSIONAL SUMMARY

Dedicated Computer Science undergraduate at the Informatics Institute of Technology (IIT), affiliated with the University of Westminster, specializing in Cybersecurity and Artificial Intelligence. Skilled in Python, chatbot development, ethical hacking, and GUI applications. Gained hands-on experience through IEEE workshops, hackathons, and community volunteering. A proactive learner seeking trainee opportunities to apply technical expertise, contribute to innovative projects, and grow in the fields of security and AI.

EDUCATION

BSc (Hons) Computer Science (Reading) (2024-present)

Informatics Institute of Technology, Affiliated with University of Westminster

G.C.E Advanced Level (2018-2020)

Zahira College, Kalmunai(NS)

G.C.E Ordinary level (2017-2018)

Central College, Pottuvil(NS)

SKILLS

TECHNICAL SKILLS

Python, Java, Java Script, HTML, CSS, Git, Flutter, firebase, Figma, SQL, Tkinter, UI/UX, OOP

SOFT SKILLS

Leadership, TeamWork, Communication, Adaptability, Time Management, Problem Solving

LANGUAGES

- ENGLISH - Fluent
- Tamil - Native
- Sinhala - Fluent

COURSES AND CERTIFICATIONS

- Advanced Python - Mastered OOP, iterators, and advanced function handling
- Python GUI Development with Tkinter - Built user-friendly desktop apps
- PythonData Analysis - Explored data visualization and basic analytics
- Python Essential Training - Strengthened core Python skills and syntax

PROJECTS

VORA – Study related mobile Application

Associated with : University of Westminster

- Developed a student – focused mobile application to support study planning and productivity
- Built a **Notes module** in flutter with full CRUD using **Firebase Cloud Firestore** for persistent storage.
- Worked on application development and project documentation as part of university coursework
- Tech: Flutter, Firebase

GUI Based Task Manager

Associated with: University of Westminster

- Developed a desktop-based task management application using python and Tkinter, focusing on simplicity and usability
- Designed and implemented an intuitive graphical user interface (GUI) to enable task organization and management
- incorporated multithreading techniques to enhance application responsiveness and ensure smooth execution of background operations.
- Utilized core technologies including Python, Tkinter, and multithreading to build a functional and user-friendly system.

Environmental Conservation Platform(Aligned with SDG 15)

- Developed a web platform aligned with UN **SDG 15: Life on Land** to promote environmental awareness.
- Designed responsive pages using HTML and CSS.
- Created and presented awareness content on sustainability and conservation.
- Focused on clean UI and user-friendly navigation.

LEADERSHIP AND VOLUNTEER EXPERIENCE

- School Senior Prefect (Central College, Pottuvil)
- school Mathematics society head (Central College, Pottuvil)
- English Club member (Central College)
- Rotoract club of IIT Member
- Ifthar volunteer (IIT)
